UEA 2016 LEGISLATIVE VOTING RECORD SUMMARY

The Utah Education Association tracked numerous bills during the 2016 legislative session. This summary highlights several bills that were voted on by the Legislature that could have significant impact on public education and/or the UEA. It is important to note that a voting record is but one of several indicators used to evaluate legislators.

From bills affecting funding for public education, teacher preparation and educator licensing to assessment and evaluation and candidate selection for state school board elections, lawmakers considered a wide variety of education-related measures during their 45-day session. In addition to using “final floor votes” on most bills, we have included one committee vote and votes on important amendments. Often times these votes provide a more critical, or accurate, indication of a legislator’s support or lack thereof. The UEA encourages you to contact your legislators directly to ask them to explain their votes. Visit UEA Under the Dome at myUEA.org/issues_action for your legislator’s contact information and to review additional legislative voting record materials such as the UEA legislative tracking sheet, updated throughout the session.
