The Utah Education Association (UEA) tracked numerous bills during the 2023 legislative session. This summary highlights several bills that could have a significant impact on public education and educators. It is important to note that a voting record is but one of several indicators used to evaluate legislators.

From a private school voucher program and curriculum transparency to paid professional hours and school grading, legislators considered a wide variety of education-related bills during the 45-day session.

The UEA encourages you to contact your legislators directly to ask them to explain their votes.
