

Dear Friends and Fellow Educators,  
I am a proud member of the Utah Education Association  
and would find it a privilege to serve you.

I am or have been:

A building representative  
VP and President of the Sevier Education Association  
Board Member representing High Desert Uniserv  
Member of the UEA Budget Committee  
Member of the UEA Headquarters Building Committee  
Representative at the NEA Representative Assembly  
Member of the House of Delegates  
Presenter at the Leadership Academy  
Presenter at the Negotiations Summit  
Founder of the Rural Schools Caucus

# Rodney O. Hurd for UEA Vice President

I believe in teachers and the education profession. I believe that every student deserves high quality teachers and the best way to do that is to treat educators as professionals. That happens when people are compensated for their work, given time to prepare for their work, and trusted when they perform their work.

As the Vice President, I plan to listen to both rural and urban teachers. They both have a unique set of issues and solutions. Having worked with the budget, I want to continue working toward a new UEA headquarters while keeping our finances sound. I want to continue working closely with members of the Staff to help provide teachers with the services they need. I want to use my voice with the state legislature to continue funding at a level that promotes growth and higher pay. I want to be your voice at the state level of our amazing organization. Questions, Please Contact me at [myseapres@gmail.com](mailto:myseapres@gmail.com)
